

Tyne United Rowing Club
Junior Group
Entries & Payments for Heads and Regattas

TURC-JD-01

This document outlines the payment procedures for entries to rowing competitions.

Financial arrangements for competitions

1. Each Junior member of Tyne United Rowing Club will be asked to provide an initial £50 'float' at the start of the season from which their costs for race entries will be withdrawn.
2. Detailed records will be kept for each individual showing deposits received and payments made for event entries and trailerage (where applicable).
3. When a junior's 'float' balance falls below £25 they will be sent an email, including their "account" summary, to remind them to top up their 'float',. Failure to do so may mean they are unable to enter the next competition (typically in the regatta season, 2 races plus trailerage will be a little over £20).
4. Should a junior not have sufficient funds within their individual 'float' to cover the cost of a race entry they will not be entered for a race. It should be noted that this could have an impact on other juniors if a crew boat is involved.
5. If in exceptional cases of financial hardship a junior is unable to make a payment, they should speak to a coach.
6. Where a junior is unable to compete after entries have been made and they organise a swop with another junior, the financial arrangements to cover these costs should be made between the individual rowers and not involve the club.

Making payments for competitions

1. It is preferable that payments are made electronically to an account which is being held exclusively for TURC Junior entrance fees:-
Name: Ms Ann Graham
Sort Code: 30-84-82 Account No: 5454 8560
Please ensure the "Payment Reference" is the name of the Junior(s)
2. If parents prefer to pay by cheque or cash, then that's fine. Please put payments into an envelope marked "TURC Parents Committee" and the name of the child(ren) and deposit this in the "Treasurer" box in the club-house.
3. When payments are made, please email Ann Graham (ann.g214@btinternet.com) to advise the date and value of payments made. Confirmation emails will be sent out when payments received.
